EMERGENCY BODY ARMOR®

Emergency Body Armor™ is a new rapidly deployable 'device' offering the latest in globally respected and field-tested body armor technology, displaying truly outstanding protection from edged weapons, such as machetes and knives, as well as hypodermic needles.

Features & Benefits

- Rapidly Deployable
- Unlimited shelf life (compared to 3-5 years life span of Kevlar® made body armor)
- Outstanding protection from blunt force trauma (usually suffered following a kick, punch or blow from a blunt object)
- Shields the spine, ribs and all vital organs
- Extremely lightweight
- Ultra-thin

Who Is This Product Suitable For?

- Hospitals
- Airports
- Public Transport
- City Centre Hotels
- Concert/Entertainment Venues
- Private Security Firms
- Other location members of the public wanting to seek shelter when faced by a sudden occurring threat

Material

Inside: 5mm thin high performance polycarbonate
Cover: High quality covert cover made out of Cordura®

Stab Protection

Made from the same materials and composition as our KR1 Stab Resistant Vests
Tested in line with NIJ Standard
Additional side protection panels

Blunt Trauma Protection

Excellent level of protection from a kick, punch or blow – or blunt objects such as piece of iron, chair, table, bricks, etc.

Needle Protection

Excellent level of protection from narrower blades & hypodermic needles

Tested Energy Level 1

24 Joules – 7mm Maximum Penetration

Tested Energy Level 2

36 Joules – 20mm Maximum Penetration

One size

15" x 10" / approx. 39cm x 26cm

Weight

3.9lbs / 1.8kg

400307

IN CASE OF IMMEDIATE THREAT

Product: **PPSS Covert Stab Resistant Vest (5mm)**
 Model #: **400102**
 Protection Level: **CAST KR1
 NIJ 1
 + Blunt Trauma + Needle Protection**

Not only an effective stab resistant vest but this 5mm covert model also provides an excellent level of needle and blunt trauma protection.

Based on our own operational frontline experience and extensive research, we can only stress that an impact based assault is a more likely and frequent type of attack than an assault involving an edged weapon or firearm.

Features & Benefits

- Concealable and lightweight
- Shields the spine, ribs and all vital organs
- Multi-curvature body shapes
- Comfortably worn
- Easily put on and taken off within seconds
- Indefinite lifespan (compared to Kevlar's 3-5 year lifespan)

Who Is This Product Suitable For?

- Anyone dealing with high risk individuals, such as potentially violent or aggressive members of the public, drug users or dealers
- Those operating in geographical areas known for criminal activities, drugs, alcohol misuse and disturbances
- Lone workers frequently faced with frustrated and disappointed customers
- Home or office visitors that enforce laws and regulations, police the system or deliver bad news
- Individuals or teams that secure and protect property, events and people

Material

Inside	5mm thin polycarbonate sheets, moulded to the upper body shape Incorporates impact protective foam comfort layer
Cover	High quality covert cover made out of Cordura® – features a high-tech spacer fabric providing the highest level of comfort when worn in hot and humid environments

Stab Protection

Tested and certified to CAST Knife Resistance Standard KR1
 Tested & certified to NIJ Std 0115.00 Threat Level 1

Blunt Trauma Protection

Excellent level of protection from a kick, punch or blow – or blunt objects such as piece of iron, chair, table, bricks, etc.

Needle Protection

Excellent level of protection from narrower blades & hypodermic needles

Tested Energy Level 1 24 Joules - 7mm Maximum Penetration

Tested Energy Level 2 36 Joules - 20mm Maximum Penetration

Sizes XS - 4XL

Weight 2.3KG (Size L)

Clothing Care Protective fillers easily removed so the outer cover can be machine washable

Colour Black or white
